This thread discusses the Content article: DSoH #236 - guestmix by JOJOFLORES

Hi Lars,

ich bin ein Fan Deiner Shows und ehrlich auch, deshalb kurz & knapp: die letzten Shows sind echt nicht der Brüller! Wo sind die guten Deep House Sounds? Oft waren Deine Mixe Inspiration, der Hinhörer schlechthin. Aber die letzten Mixe ab 232 gefallen mir persönlich fast gar nicht mehr. Ich find sie unharmonisch bis nervig, die Tracks wenig gut aufeinander abgestimmt und teilweise richtig lasch. Das bemerkenswerte daran war oft nur noch Deine sonore Stimme. HOPING FOR BETTER TIMES!

Cheers, Aki Yoshi

Forgive my ignorance but does anyone know the name of the track that begins at 41:55 minutes into the set and ends at 46?

The line goes like 'when will we leave this town'

txs
