## great broadcasting quality

Posted by fazekas - 2005/05/25 07:31

---

Hi!

Thanks for giving us the show!

I think it is a really good thing to provide the show in such a high MP3 quality.

Most other internet radioshowes do low-quality or streaming, but I think your way of provinding the files is far more convenient!

cheers

thank you ..  
it is also very bandwidth consuming ;)

but we like music way better when the sound is good!

lb.
