Consortium Muzik Presents Beppe Gioia's WELCOME TO THE FAMILIA EP

Consortium Muzik add Beppe Gioia to the list of their artists who presents the wonderful Welcome 2 the Familia EP. The EP features three tracks, with Do you tango being a laidback jazz house track featuring melodic chords, a jazzy piano and a wicked organ ride over a smooth percussion enriched groove, with the steel drums adding a lovely Caribbean touch. The atmospheric Dreams is taking the vibe deeper, with thumpin' beats leading the way for lush synth layers. Finally there is Beppe Gioia's take of Miss Yvonne's Confusion, a wonderfully instrumentated interpretation that keeps the feel laidback and soulful..
