well...I am a frequent listener of DSoH, this is where I find best music. To keep it short, I know one site and DJ team which bakes pretty good mixes. maybe one of these could make it to the podcast or so, so just give it a try...

RyRalio

This is their December mix

I would definitely recommend this mix for the 2nd hour of the show... Give it a listen, let me know what you think :side:
