Reminds me of when I started clubbing. This song still makes me want to get up and dance.
Big FUN!!!

Okay!

I didn't start clubbing until '89 when I went away to college. I seriously 'got my life' on the dance floor, and this song has been a fixture on my iPod for the last 4 years.

Lars....I can't tell you how important you are to me. I am a 36 year old, ex-vogue house member from the 90's, and with professional success, I had to become way more conservative. The only time I can truly 'let go' with your tunes is during my daily commute, on the stairmaster/treadmill, or at home. I am a senior exec in my company, so clearly certain 'aspects' of *me* have to remain private! ::chuckling::

Thank you, Thank you, Thank you, for sharing our passion for 'true' house and providing it for the masses, because I worship at the Alter of Deeper Shades.

If this doesn't get your sexy ass into heaven, then we're all in trouble! :-D

Much Love,

Tony
