Hi Lars & Everyone!

Greetings from Philly! (Thank You, Delmar Browne for turning me onto the site here... It's Great!)

MySpace & SoulfulPlanet.com keep me close in touch with the hundreds (thousands) of artists that I have worked with recorded, mixed & produced from all over the planet since the '70's.

My MySpace Page is here:

and...

we also put a hot link to DSoH from SoulfulPlanet.com - Music & Creative Arts Village, here:
