Wil Milton & Rodney Carter have done it again with their sophomore album entitled 'Don't Let Go' on the BLAK INK MUSIC GROUP imprint. This album contains sure-to-be dance classics with lush harmonies, melodies and infectious hooks. 'Don't Let Go' explores the universal themes of dancing, perseverance, love and conflict. Covering different genres, this album is sure to motivate, excite, and inspire. 'Don't Let Go' follows the 'Songbook's' formulaic emphasis on song, lyric, and melody but creates its own footprint by using more freedom on the production side. In general terms, 'Don't Let Go' is indeed a dance album.

But, after one spin, you will agree that it is much more than that. 'Don't Let Go' has different layers and flavors sure to appeal to various musical tastes. Highlights of the album include the inspirational title track "Don't Let Go", which implores listeners to keep pushing no matter what challenges life may have to offer. Next up, is the tribal-infused "Temple" which celebrates the arrival of the weekend through the reward of an after work-week party, and has been played by the likes of SAMMYROCK (CYBERJAMZ), and JIHAD MUHAMMAD. "Against Mine" fills the role of a sensual club-banger with its rhythmic feel and simple yet direct hook line. "Adore" is an ode of appreciation that the ladies are sure to appreciate and enjoy. "What's Going On" introduces a rough-tinged alternative track, that touches on current hot-button social and political issues, while it smoothly reminds listeners of the commonality all of humanity shares. After one listen, "Don't Let Go" will make you proclaim that this duo is a creative force to be reckoned with.
