Hello everyone,

My name is Lars Behrenroth and I would like to introduce you to my new record label DEEPER SHADES RECORDINGS. Very much like my radio show - DEEPER SHADES OF HOUSE - the label will cover many different grounds and yes, you've guessed it, deeper shades of house music.

In response to the Koro Koro classic 'No Smoke' comes the Deeper Shades Recordings debut release from Jojoflores & Joe DiPadova. A generous rhythm intro sets the tone and is a perfect prelude to the subtle, introspective key work and sonic flourishes that follow.

Yes Smoke's meditative nature does not limit it to late night home listening or simply headphone music. This has kept some of the hottest dancefloors moving worldwide over the past six months.

"I used to play and still play the original version Koro Koro.. but this version is definitely rocking, respecting the spirit of the original.. so YES I WILL PLAY THAT 2008 VERSION !!"

- Franck Roger (Real Tone - FRANCE)

"Deeper Shades Recordings starts with a interesting release from Jojoflores and Joe DiPadova. Sounds modern, deep, techy and soulful with a beautiful piano melody"

- Rafael Moraes (Nomumbah - BRAZIL)

"Deep Sh!t, slow'n'low, sexy deep"

- Jask (Large Music - FLORIDA)
