wsg KENNY BOBIEN

Tea Party Music & Manchildblack invite you to the mecca of global soul culture, Libation!

After a year and a half at the LES nightspot the popular event will be moving to its new West Village location, Sullivan Room, at the beginning of June. For this special night Libation has invited legendary vocalist, Kenny Bobien ("Father", "Brighter Days", "I Shall Not Be Moved"), to tear the roof off the building with his mind blowing vocals. Resident DJ Ian Friday will dig deep in the crates and spin the hottest in global soul while visual artist, Fly Lady Di, captures the essence of the party live on canvass. The dynamic members of acclaimed dance collective, Afro Mosaic Soul, will be on hand to host the nights festivities.
