Rodney Carter aka ICE, is a New York based singer/songwriter/producer born with music running through his veins. As a child, he demonstrated early signs of musical interest and talent but never took it seriously until many years later. With 14 years in the business, he has seen and embraced the various aspects of the music industry. He lists Donny Hathaway, Luther Vandross, James Taylor, and Sting as musical influences.

For a while, Rodney performed as one half of the smooth R&B duo BRIDGE, along side his longtime writing and singing partner Eric Scott. While a part of BRIDGE, he toured the East Coast opening for artists the likes of: Usher, Changing Faces, Montel Jordan, Seven Mile, Allure, NIIU and Destiny.

Carter has worked with the notable producer Charlemagne, who has produced for artists such as Mary J. Blige, Missy Elliott, Jay-Z and R. Kelly to name a few.

It was with a Charlemagne-produced track, that BRIDGE created a promotional introduction for the critically acclaimed Hot 97 morning show with Doctor Dre and Ed Lover. That frequently-played promo allowed Rodney to establish his own publishing company, SOULICE (ASCAP). Currently, Rodney has two singles available "Run to Me" (Vega)*** and "Gravity" (King Street).

Rodney Carter has performed at NEW JERSEY'S THINK SOUL EVENT, LOUIE VEGA & KEVIN HEDGE'S ROOTS PARTY in NEW YORK CITY, WINTER MUSIC CONFERENCE 06 in MIAMI, FLORIDA, CONEY ISLAND outdoor events, and LIL RAY'S CLUBHOUSE JAMBOREE 07. Rodney Carter is scheduled to perform CONEY ISLAND, and EAST RIVER PARK in NEW YORK CITY this summer
